Durex® Insulite Select MF

Advanced Thermal Resistance Drained & Moisture Managed EIFS (Mechanically Fastened)

Description	Durex® Insulite Select MF is an exterior insulation and finish system consisting of expanded polystyrene insulation with factory-cut channels, insulation adhesive, mechanical fasteners, glass fibre reinforcing mesh, base coats, and a finish texture coat which can be selected from any one of the available Durex Architectural Coatings.
Uses	Durex® Insulite Select MF is suitable for use over a wide range of structurally sound substrates and is recommended for use in buildings which require moisture-managed cladding.
Features	• CCMC listed (13103-R) • Continuous venting at floor lines and horizontal terminations, using pre-manufactured vented boards • Positive drainage (through a network of vertical and horizontal channels) • Continuous water resistive barrier • Simple interfacing with other pressure equalized claddings • 2-hour fire rating in accordance with ULC W-456 • High Thermal Resistance • Aesthetic design flexibility • GDDC Factor 25% (Geometrically Defined Drainage Cavity) • CI factor 0.76 RSI (R 4.3) per inch (Continuous Insulation)

Application	Apply all Durex System Products and components, (WRB, insulation, fasteners, base coat, reinforcing mesh, finish coat, sealants) in strict accordance with Durabond's printed instructions. See Durabond's Standard Specifications/Details and Durex Product Data Sheets.
Clean-up	Clean all tools promptly after use with clean water. Do not allow mixes to dry on tools.
Storage	Store all Durex® Products and components in a dry vented, waterproof location, stacked off the ground with ambient temperatures above 5°C (41°F). Keep materials dry, protected from dampness and moisture and away from direct sunlight. KEEP FROM FREEZING.
Health and Safety	For information and advice on the safe handling, storage and disposal of chemical products, refer to the most recent SDS sheet containing physical, environmental, toxic and other safety/materials handling data. For industrial use only. Keep out of reach of children.
Warranty	Durabond Products Limited fully warrants their products when used and applied in strict accordance with the printed instructions on product mixing and product application. In any case Durabond's responsibility shall not exceed either the refund of the purchase price or the replacement of the purchased product.
Technical Services	Technical support is available upon request at info@durabond.com. For the latest version of this data sheet, please visit our website at www.durabond.com, call toll free at 1-877-DURABOND (387-2266) or speak with your Durabond Products Ltd. sales representative.
